2019

## NEW ADDITIONS!

- ▶ Table Tops
- ▶ Salsa Bar
- ▶ Hanging Lights
- ▶ New Kitchen Equipment
- ▶ Graphics
- ▶ Painting
- ▶ Exterior Signage

## THE PROJECT

Sky Retail General Contracting was approached by the Senior Director of Business Development for Moe's Southwest Grill to inquire if we would be willing to assist them with a market re-imaging project. Their first location was in Roswell, GA, and Sky Retail GC worked closely with that Team to put together a modern, stylish new look. Sky Retail GC then oversaw the project's scope of work as a Site Superintendent and performed quality control reviews to ensure the project was completed, accurately, efficiently, and with the highest quality to meet Moe's specifications.

## THE FINAL PRODUCT

Due to the hard work and dedication put into this project by Sky Retail GC, and Moe's Southwestern Grill's Executive Team, we were able to produce a final product that both companies are extremely proud of. Also, due to the overwhelming success of the Roswell locations re-imaging, Sky Retail GC has been chosen to participate in future Moe's Southwestern Grill projects. This participation will include the re-imaging of their entire southeast region.
